From Principals Desk

Welcome to Yashoda College of Architecture, Satara , a place where academic excellence meets holistic development. At Yashoda College, we are committed to nurturing young minds and shaping them into leaders who are well-prepared to face the challenges of the future. Our institution prides itself on a rich legacy of academic success, cultural diversity, and community engagement.

With a dedicated team of faculty and staff, we offer a diverse range of programs that cater to the academic, personal, and professional growth of each student. We believe in fostering an environment where students not only gain knowledge but also develop critical thinking, creativity, and leadership skills that are essential for the modern world.

Our state-of-the-art facilities, vibrant campus life, and strong ties to industries provide students with the resources and opportunities they need to excel. We encourage our students to explore new ideas, engage in research, and take part in extracurricular activities that contribute to their overall growth.

As you embark on this educational journey with us, I encourage you to make the most of every opportunity, build lasting relationships, and work towards achieving your goals. **Together, we will continue to uphold the values that define Yashoda College of Architecture: integrity, innovation, and excellence.**

A handwritten signature in black ink, reading "S. Talekar". The signature is stylized with a large, circular flourish at the beginning.

Prof .Suhas Talekar .
Principal
Yashoda College Of Architecture ,Satara

From HOD's Desk

We are delighted to announce that Yashoda College of Architecture has proudly achieved **NAAC B++** accreditation. It is my pleasure to welcome you to our dynamic academic community. At YCA, we strive to foster an environment where academic excellence, creativity, and innovation thrive. Our mission is to inspire students to think critically, engage deeply with their disciplines, and contribute to the advancement of architecture.

The department offers a comprehensive curriculum blending theory with hands-on learning through projects, industry collaborations, and research initiatives. Our passionate faculty members mentor students, helping them excel academically, professionally, and in their personal growth. We aim to nurture critical thinkers, innovators, and leaders who can succeed in today's evolving world and make meaningful contributions to society.

This report presents the highlights of YCA's performance for 2022-23 to the Governing Body, Management, and all stakeholders.

Head Of Department
Yashoda College Of Architecture ,Satara

About Yashoda Shikshan Prasarak Mandal .

Yashoda Shikshan Prasarak Mandal Satara (YSPM) an education trust was established in the year 2011, under the efficient and vibrant leadership of Founder President, Hon. Prof. Dasharath Sagare, with the aim of catering the best Education to the students especially of rural areas. Since the inception YSPM have been providing quality education in the field for the past decade.

Established with the vision of empowering communities through education, **Yashoda Shikshan Prasarak Mandal (YSPM)** has been a pioneer in providing quality education across various disciplines. Guided by the principles of academic excellence, inclusivity, and social responsibility, YSPM has been instrumental in shaping the educational landscape in Satara and beyond.

With a strong commitment to holistic development, YSPM operates a diverse range of institutions, from schools to professional colleges, ensuring that students from all backgrounds have access to learning opportunities. The trust's initiatives are rooted in a desire to nurture future-ready individuals who can contribute meaningfully to society and excel in their respective fields.

The hallmark of YSPM is its focus on creating an enriching and dynamic learning environment. By promoting a blend of theoretical knowledge, practical application, and ethical values, the trust empowers students to achieve their fullest potential.

The **Yashoda College of Architecture (YCA)** is one of the flagship institutions under the YSPM umbrella. It stands as a evidence to the trust's dedication to nurturing innovation, creativity, and professional excellence in architecture education.

YSPM continues to grow as a hub of knowledge and development, playing a vital role in uplifting the rural community through education and skill development initiatives.

Vision

To empower the students with knowledge, Values, Skills, Innovative / Creative lateral thinking and meet the educational , social , global, environmental and economic needs of the region and nation to create Humane Society.

Mission

To impart quality education & training to students for shaping their career with providing opportunities to students & faculty and continuous learning opportunities.

To empower the students with recent knowledge, skills and right attitude in order to meet the challenges of future by guidance, seminars & lecture's as well as Environmental issues.

To generate new knowledge and promote excellence in research and extension activities.

To make efforts for the spread of technical education among classes and communities, which are socially and educationally underprivileged specifically for rural areas.

Introduction

Yashoda College of Architecture (YCA), under the aegis of Yashoda Shikshan Prasarak Mandal, is a center of excellence dedicated to shaping future architects and leaders in the field of design and innovation. Located in Satara, YCA is known for its vibrant academic environment, which nurtures creativity, critical thinking, and technical proficiency. With a mission to impart holistic education, YCA combines a well-structured curriculum with hands-on learning through projects, workshops, and industry collaborations. The college emphasizes research, innovation, and sustainability, enabling students to contribute meaningfully to the architectural profession and society at large. Accredited with NAAC B++, YCA continues to raise the bar for quality education in architecture.

About the Report

This report presents an overview of YCA's activities, achievements, and progress during the academic year 2023-24. It highlights the college's contributions to academic excellence, student development, and community engagement. Key sections of the report include:

- **Academic Achievements:** Details of academic results, student success stories, and faculty achievements.
- **Research and Innovation:** Insights into ongoing research projects, publications, and innovations led by faculty and students.
- **Workshops and Events:** A summary of design studios, guest lectures, seminars, and outreach programs conducted throughout the year.
- **Collaborations and Industry Engagements:** Partnerships with professionals, firms, and organizations to enhance practical exposure for students.
- **Extracurricular and Cultural Activities:** Highlights of cultural events, competitions, and student initiatives fostering a holistic learning experience.
- **Institutional Development:** Updates on infrastructure, facilities, and technological advancements at YCA.
- **Community Contributions:** Activities that reflect YCA's commitment to social responsibility and sustainability.
- **Vision for the Future:** A roadmap for the upcoming academic year, including plans for growth and further improvements.

This comprehensive report aims to provide all stakeholders with a clear picture of YCA's accomplishments and its dedication to fostering architectural excellence.

20	Narkar Kayani Arun	Co-Secretary of Magazine/Exhibition
21	Ar. Shedge S.S.	HOD, YCA

Academic Program

Yashoda College of Architecture offers academic degree programme at undergraduate level

Bachelor Of Architecture – B. Arch

1. Design Studio Courses

Central to the program, these courses focus on developing creative and technical skills through hands-on projects that mimic real-world architectural challenges.

2. Technical Knowledge

Includes structural engineering, material science, building services, and construction technology to ensure designs are functional, safe, and sustainable.

3. Architectural History and Theory:

Explores architectural movements, historical landmarks, and the cultural significance of design to provide a strong contextual understanding.

4. Environmental And Sustainable Design

Emphasizes energy-efficient buildings, renewable materials, and designs that minimize environmental impact.

5. Digital Tools and Technologies

Covers computer-aided design (CAD), Building Information Modeling (BIM), and visualization software, essential for modern architectural practices.

6. Urban Planning and Landscaping Architecture

Focuses on designing large-scale projects and integrating structures with their surroundings.

7. Internship and Practical Training

Provides real-world experience through mandatory internships, often required for professional licensing

8. Thesis

A culmination of the program, where students demonstrate their skills by tackling a complex design problem.

Total Enrolment of Students in 2023-24

Name of Programme	Enrolled Student	Female student	Male student
Bachelor of Architecture	44	30	16

- The gender breakdown of Academic program enrollment ratio was 15 (34%) Males and 29 (66%) Females
- The percentage breakdown in 2023-24 is 34% males and 66% females.

Scholarships

Percentage of students benefited by scholarships and freeships provided by the institution, government and non-government bodies, industries, individuals, philanthropists during the last five years				
Year	Name of the scheme	Government/ Non-government	Number of students benefited	Amount (in INR)
2023-24	Rajarshi Chhatrapati Shahu Maharaj Shikshan Shulkh Shishyavrutti Yojna(EBC)	Government	21	1174485
	Post Matric Scholarship to OBC Students	Government	6	336267
	Post Matric Scholarship to SBC Students	Government	2	216137
	Post Matric Scholarship to VJNT Students	Government	4	457665
	Tuition Fees and Examination Fees to OBC Students	Government	3	166561

Reservation Category

Sr.No	Category of Reservation	Reservation Percentage

IQAC

At Yashoda College of Architecture, Satara , every endeavour, every initiative is meticulously designed to resonate with our core vision and mission, guiding our students toward becoming architects who not only create buildings but shape experiences and communities. Our relentless pursuit of excellence is anchored in our vision- “To empower the students with knowledge, Values, Skills, Innovative / Creative lateral thinking and meet the educational, social, global, environmental and economic needs of the region and nation to create Humane Society.”

At Yashoda College of Architecture, we believe in fostering a dynamic learning environment that nurtures both imagination and technical prowess. Our commitment extends beyond conventional education, aiming to sculpt visionary architects capable of shaping the skylines of tomorrow.

With state-of-the-art facilities, a distinguished faculty comprising seasoned professionals and avant- garde thinkers, and a curriculum meticulously crafted to blend theory with hands-on experience, our college prides itself on providing a comprehensive educational experience.

Students here explore the intersection of tradition and modernity, theory and practice, as they delve into architectural principles, sustainable design and urban planning. Our emphasis on holistic development encourages collaborative projects, experiential learning, and community engagement, empowering students to become catalysts for positive change.

As a part of our commitment to excellence, Yashoda College of Architecture embraces a culture of constant evolution. We instill in our students the ability to adapt, innovate, and lead in an ever-evolving architectural landscape, preparing them not just for today's challenges, but for the challenges of the future. We strongly believe in PDCA cycle to keep evolving constantly with the feedbacks and suggestions of all the stakeholders.

IQAC Committee Members

3	Post Graduation (M Arch, M.S etc)	1

Gender Audit

The **Gender Audit** at Yashoda College of Architecture focuses on promoting gender equality by challenging traditional gender norms and fostering an inclusive environment for both men and women. The audit revealed that the college actively ensures gender balance through equal representation in student enrollment and staff, offering opportunities for both genders in academics, sports, and activities. The college also provides various facilities for students, including parking, , hostels, and a library. Gender-sensitive programs such as workshops on sexual harassment, National Girl Child Day, and Women's Day celebrations raise awareness of women's rights. The Student Council organizes events like the Annual Gathering and Cultural Days, contributing to leadership development and community spirit. While female student participation in cultural activities is high, there is room for improvement in sports and leadership roles, with recommendations to encourage more female involvement in sports, ensure 33% female representation in the Student Council, and raise awareness of women's legal rights.

2	Third Year	Pawar Radhika Shankar	76.14
3	Fourth Year	Chothe Mayur Hanmant	79
4	Fifth Year	Shinde Anuja Rajendra	85.5

Best Practices

Best Practice 1: Student-Centric Learning with Sustainable and Green Practices Integration

Title of the Practice: Student-Centric Learning with Integration of Sustainable and Green Practices

Objectives of the Practice: To inculcate sustainability principles in architectural education and develop innovative, well rounded, environmentally conscious architects.

The Context: The rising need for sustainability in architecture and the challenge of incorporating green practices into design education inspired this initiative.

The Practice: The curriculum integrates subjects like climatology, environmental studies, and sustainable cities and communities, green buildings. Practical applications include projects on rainwater harvesting, waste management, and energy-efficient design. The institution has a formal Green Policy under which it has an MoU with Ridoft, an organization dedicated to single use plastic waste collection and processing. Students actively participate in single use plastic waste management by using a mobile app of Ridoft, collecting single use plastic and PET bottles. This initiative is complemented by workshops, tree plantations, and heritage conservation projects, bridging theory with practical, real-world applications.

Evidence of Success: Students have demonstrated their commitment to sustainability by designing eco-friendly sculptures, recycling 52 kg of single-use plastic, and 116 kg of paper through campus initiatives. Furthermore, their thesis projects showcase innovative approaches to sustainable and green practices, reflecting environmentally conscious architectural solutions.

Problems Encountered and Resources Required: Expanding the practice beyond campus to the communities is challenging also in terms of wholehearted participation. Resources like funding for projects and workshops on emerging green technologies are crucial for implementation.

Best Practice 2: Promotion of Gender Equity and Inclusivity

Title of the Practice: Promotion of Gender Equity and Inclusivity

Objectives of the Practice: To create an inclusive campus culture and ensure equal opportunities for students of all genders and backgrounds.

The Context: Our students come from rural areas and diverse socio-economic backgrounds, which makes equity and inclusivity essential in their education. In architectural education, traditional gender biases and a lack of inclusivity can limit opportunities for growth and development. To ensure that every student, regardless of gender or background, can thrive, it is important to create a supportive and equitable learning environment.

The Practice: Yashoda College conducts gender audits, organizes sensitization programs, self-defence workshop for female students and also ensures universal design principles are integrated into design projects. Inclusive facilities like a common room for girls, flexible schedules, and maternity benefits for staff. Student projects and competitions emphasize gender-neutral design and teamwork which is inculcated in their learning process.

Evidence of Success: Increased female student participation in academic, Sports, Cultural events and extracurricular activities and greater awareness of gender issues among students and faculty also concepts of universal design in thesis projects highlight the success of this initiative.

Problems Encountered and Resources Required: Resistance to change in cultural mindsets and limited funding for specialized programs were initial hurdles. Partnerships with NGOs and resource allocation for gender sensitization programs proved essential.

Resource of Institute

The library has a total area of 150 Sq/m. A wide variety of reading materials is available, including books, bound volumes of periodicals, dissertations, and non-print media like CDs, e-Books, and e-Journals. A total of 1305 reading materials, comprising 170 print books, 766 e-books, and 59 bound volumes of journals and magazines, are housed at the library. The library has a total of 103 titles available. We subscribe to 85 e-journals. The library has 85 CDs in its collection. We subscribed 4 news papers & 136 e-news papers. We subscribed to Plagiarism Software also Book Scanner is housed at the Library,

The library is fully computerized and offers all readers' access to the OPAC. The library observes complete open access for all users. Library has an excellent digital library section with access to e-resources. The institute has AutoLib Software which is advanced integrated Library automation management software, is designed and developed by a team of Library & Information Science specialists, database designers, software developers and network specialists. It is fully integrated, versatile, user-friendly, cost-effective and multi-user & WEB enabled for Intranet, incorporating latest IT/WEB tools and techniques.

Easy to use/data entry, Book ordering and serial control made simple, Handles lakhs of records more efficiently, Customizable data entry screen, Multimedia interface, Simple and fast counter transactions, Sorting/printing large number of reports/statistics in any desired order and export into different file formats (Excel/Word/ASCII), Global update of field values, due date, GUI interface/ Client/server architecture, Supports TCP/IP protocol for networking Powerful search facility, SDI, CAS, online diary facilities WEB interface to search various databases, Allows networking of libraries for sharing resources, exchange of data, Cataloguing, Display/printing of records in AACR/MARC/CCF/Dublin Core formats/standards, Export/import of data as per ISO 2709 Tracking users movement in the library, Interface to barcode scanners/printers/data capturing unit/smart card/bio-metrics, Online stock verification, Auto due reminder to users mailbox/E-mail, Transaction alerts through SMS.

Laboratories

Environmental Lab -The Environmental/Climatology Lab is designed to study and analyze various environmental and climatic factors, using specialized equipment to monitor air quality, weather patterns, and ecological changes. It provides hands-on learning experiences for students to explore the relationship between the environment and climate.

Model making lab / Workshop-The Model Making Lab is equipped with tools and materials for students to create physical models, enhancing their design and architectural skills. It provides a space for hands-on experimentation, allowing students to bring their creative concepts to life through detailed models.

Surveying lab -The Surveying Lab provides students with practical experience in using surveying instruments to measure and map land areas accurately. It helps them understand key concepts in topography, measurement, and land development through hands-on fieldwork and analysis.

Electrical lab - The Electrical Lab is equipped with tools and equipment for students to study electrical circuits, wiring, and systems. It offers hands-on experience in electrical principles, enabling students to understand and troubleshoot real-world electrical applications.

Material Museum - The Material Lab is designed for students to study the properties and behavior of various construction materials like concrete, wood, and metals. It provides hands-on experience in testing and analysing material strength, durability, and suitability for different construction projects.

Computer Lab - The Computer Lab is equipped with modern computers and software to support students in learning digital design, programming. It provides a space for students to enhance their technical skills and complete assignments related to architecture .

Sustainability Practices & Community Contribution

YCA Green

Yashoda College of Architecture, Satara, has indorsed its commitment to environmental sustainability through its "YCA Green, under it many initiatives are taken such as “Pet Bottles”, Tree plantation and RIDOFT which aims to combat single-use plastic pollution. On 22nd February 2024, the college successfully collected and handed over single-use plastic waste to Ar. Shaunak Kadam, a representative of RIDOFT Sustainable Environs Pvt. Ltd., a leading environmental solutions company. This collaboration highlights the joint efforts of educational institutions and private enterprises to promote eco-friendly waste management practices. The initiative reflects the college's dedication to fostering environmental awareness among students and contributing to a greener, more sustainable future.

Tree plantation program

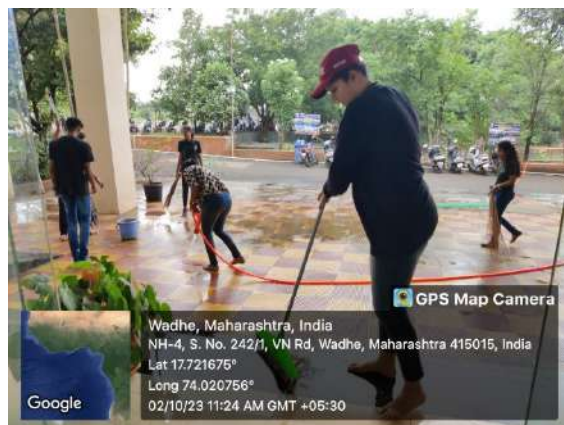

Yashoda College of Architecture hosted a tree plantation program on its premises, with faculty members and students from all years participating. The event began with a gathering on the ground floor, where Ar. Sujata Talekar, Ar. Snehal Shedge, and other faculty joined students in planting trees. The participants worked enthusiastically, selecting spots and planting saplings under the guidance of their teachers, while faculty members actively participated, setting an example for students. The event ended with a sense of unity and accomplishment, contributing to a greener, more sustainable campus. The program was a success, highlighting the college community's commitment to environmental stewardship.

Events

Cleanliness Drive –Mahatma Gandhi Jayanti

On the occasion of Mahatma Gandhi Jayanti, Yashoda College of Architecture organized a cleanliness drive on its campus with for promoting cleanliness, hygiene, and community involvement. The event was a tribute to Mahatma Gandhi's principles of cleanliness and Swachh Bharat.

Zonal Basketball Tournament

The primary aim of the Zonal Basketball Men's Tournament, held at the Chhatrapati Shahu Krida Sankul, Satara was to foster a culture of sports excellence and healthy competition among the youth within our region. We sought to provide a platform where aspiring basketball players could showcase their skills, passion for the game, and dedication to athletic pursuits.

Makar Sankranti Celebration – Kite Making Competition

The aim of the kite-making workshop was to celebrate the festival of Makar Sankranti by engaging first-year students in a creative and culturally significant activity.

The workshop aimed to foster artistic skills, encourage teamwork, and provide students with a hands-on experience in traditional kite making.

Sustainability Workshop

The aim of the workshop was to foster knowledge and understanding of sustainable architectural practices among architecture students. The primary aim of the online sustainable workshop, organized by BRICKS College of Architecture, Pune, in collaboration with Thomas Jefferson University, was to foster knowledge and understanding of sustainable architectural practices among architecture students. The workshop aimed to provide participants with the necessary tools and insights to integrate sustainability into their architectural designs, promoting environmentally conscious and innovative solutions in the field.

World Architecture Day

The aim of the program was to celebrate World Architecture Day and bring the Architecture fraternity together. To make students aware with the current professional designs and interact with the eminent Architects in the industry. Also to promote awareness and appreciation of architecture's vital role in our lives, foster innovation and sustainability in architectural design, and encourage collaboration and knowledge sharing among architects and enthusiasts worldwide.

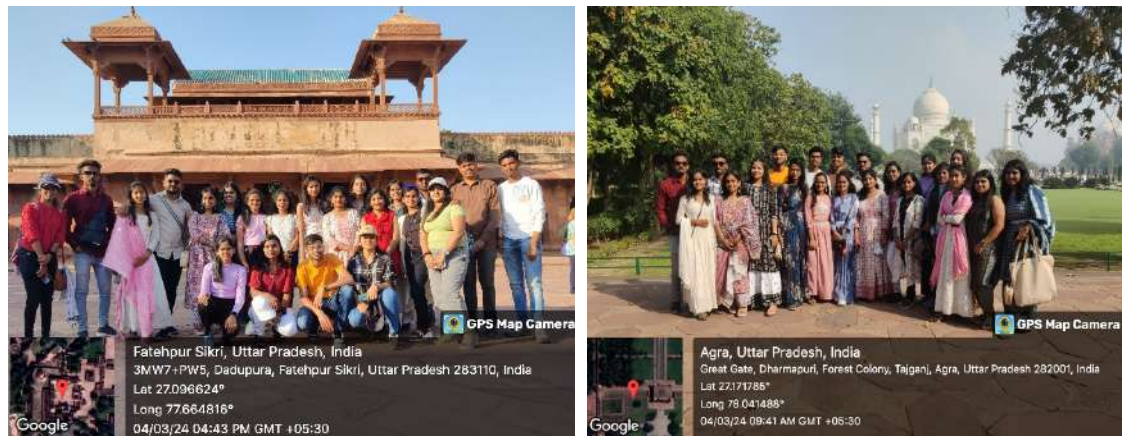

Alumni Meet

The Alumni Association of Yashoda College of Architecture hosted the "Alumni Meet 2024" on Saturday, August 10, 2024, at the Mechanical Seminar Hall in the YSPM Campus. This event was organized to facilitate, consolidate, and coordinate alumni activities, and it featured a day filled with reflections, recognitions,

Delhi Agra Study Tour

To provide students with an immersive learning experience by exposing them to some of India's most iconic architectural masterpieces. To study historical architectural styles and construction techniques by visiting iconic monuments. To cultivate an appreciation for the cultural and historical significance of architectural works by exploring religious and monumental structures. To analyze structural design elements and spatial configurations in real-world settings, with a focus on understanding the relationship between form, function, and design in both historical and modern contexts.

Nasa -Study Tour

The Annual NASA Convention, the pinnacle event of the National Association of Students of Architecture, (NASA India), unites architecture students, professionals, and industry leaders nationwide. It fosters innovation, inspiration, and knowledge exchange, with renowned architects imparting wisdom and global professionals leading talks, workshops, and seminars, enriching the educational journey for all attendees.

Participation in NASA to provide a platform for students from various architectural colleges to collaborate, exchange ideas, and learn from each other. This fosters a sense of community within the architectural fraternity.

Women's Day Celebration and Self-Defense Workshop

The aim of the Women's Day celebration was to empower female students by equipping them with essential self-defense skills. The workshop aimed to boost their confidence and preparedness to handle potentially dangerous situations.

Annual Exhibition -Aayam

Yashoda College of Architecture hosted its annual exhibition on June 5th and 6th June, showcasing the creative prowess and academic achievements of its students. Exhibition 2023-24, centred on the theme "AAYAM," derived from the Sanskrit word meaning "hold out." This distinctive event promises to be a fusion of modern innovation and timeless tradition, showcasing the multifaceted talents of the college's budding architects. To provide a platform for students to showcase their creative talents, innovative projects, and academic achievements in the field of architecture.

Introduction

Yashoda College of Architecture (YCA) is a part of Yashoda Shikshan Prasarak Mandal. It was established in 2015, at Wadhe, NH-4 Satara. College located in the scenic landscape with easy access from the national highway no 4. Stepping in the first year for Architecture, college already has a platform of all the immense infrastructural facilities from YSPM.

Architecture being one of the worldly dispersed and favorite industries, bringing students near to the built environment is a prime motive of YCA. Environmentally responsive architecture, sustainability, new materials in technology, etc are all the hidden aspects coming forward in the new world. Moulding the students to face and go forward with these issues to face the real world is the backbone of YCA teaching agenda.

The Gender Audit is an attempt to study whether the college has good gender balance. It tries to see whether college follows government rules, policies and actions formulated for up-gradation of women in society. The Gender Audit tries to access the impact of its current and proposed policies on gender equality.

The college always concentrates on student's qualitative performance along with their overall personality development. Observing the gender equality, the girls are provided with various facilities and special attentions.

This report provides an analysis of the gender distribution among students and staff at YCA over the past one years. By examining the enrollment and employment trends, we aim to gain insights into the representation and participation of male and female individuals within the college community. This analysis is crucial in assessing the institution's progress towards gender parity and inclusivity

By examining the data collected over the specified period, we identify patterns and trends in the gender composition of students and staff at the College. This analysis includes an exploration of enrollment statistics, highlighting the number of male and female students across last academic year.

[Handwritten signature]

Objectives of gender audit:

The Gender Audit has the following objectives:

1. The institute shall take effective measures for the safety and security of all genders.
2. To find out the areas where gender balance exists and the factors behind the gender balance.
3. To establish good gender balance in decision-making processes in all areas of the college activities.
4. To suggest measures for bridging the gender gap.
5. To adopt gender equality in all aspects of college community.
6. To see the work and capacity for prevention of sexual harassment at the college.

Gender sensitive approach:

Gender sensitive approach aims at opening, reconstructing and broadening expectations and behavioral models related to gender. Gender sensitive structures respond equally to men and Women's specific interests without any presumption based on outdated views.

When gender became a major parameter for institutional governance, the institutional leaders stepped forward taking steps to ensure gender equality.

Gender Balance within the Institution:

Gender balance means the existence of a fair ratio of male and female representation within the institution in terms of number of students in the various programs as well as within the staff structure. The rationale is that traditionally women have lesser access to resources and opportunities due to the social structures which act as inhibitors to access. This results in lesser capability among women which in turn produces a snowball effect on their empowerment and access to development initiatives.

Gender Audit Team reviewed and analyzed the operating environment of Yashoda college of Architecture, Satara From the analysis; the team understood that the college is operating in an environment where everyone has access to a full range of opportunities to achieve the social, psychological and physical benefits that come from participating and leading in sports and physical activity. Gender equity requires that girls and women be provided with a full range of activity and program choices that meet their needs, interests and experiences.

Therefore, some activities may be the same as those offered to boys and men, some may be altered, and some may be altogether different. The college always concentrates on students' academic performance along with their overall personality development. Observing gender equality, the girls are provided with various facilities. The lectures of eminent personalities are held on various topics to develop their personality. Workshop for Prevention, Prohibition and redressal of sexual harassment of women at work place, National girl child day, National constitutional day for Highlighting the rights given to women by constitution, International women's day celebration etc. are organized in the last one years to make the women aware of their rights and responsibilities. Women are made aware of laws and by-laws by organizing lectures of eminent judges, lawyers, social workers etc. Anti-ragging Committee and Internal Complaints Committee have been formed in the college.

The analysis of the responses of students with regard to program planning and design in college and its activities revealed that most student members feel that the gender equity in policies, program of the college is adequate.

G. D. J. K. M.

Facilities for Students

All basic amenities for students are available in the college:

1. Parking zone
2. CCTV- cameras at different points covering whole campus
3. Ramps at every needful point for differently abled students

Student council of Yashoda College of Architecture:

The Student Council at Yashoda College of Architecture is a vibrant and proactive governing body dedicated to enhancing the student experience and fostering a thriving academic environment. Comprised of elected student representatives, including a President, Vice President, Secretary, and Co-Secretary, the Council acts as a bridge between the student body, faculty, and administration. Their primary mission is to address student concerns, organize various events, and promote a sense of community within the college. The Council plays a pivotal role in facilitating communication between students and faculty, advocating for student needs, and promoting a positive college culture. Moreover, the Council serves as a platform for leadership development, encouraging students to take on responsible roles, voice their ideas, and actively participate in decision-making processes. Throughout year with the help of college student council organizes different activities.

Annual Gathering and Cultural Days stand as a cornerstone, celebrating diversity through music, dance, and art, showcasing the kaleidoscope of talents within the college community. The College Exhibition serves as a platform for budding architects to display their innovative designs and projects, stimulating creative discourse among peers and faculty. The sporting events organized by the Council not only promote physical well-being but also instill a sense of sportsmanship and teamwork. Additionally, the Council spearheads festivities commemorating occasions like Shivjayanti and Navratri, magnifying the cultural heritage and traditions within the college. This multifaceted approach to co-curricular engagement is pivotal in nurturing well-rounded individuals, fostering leadership skills, teamwork, and a sense of belonging within the student body. The collaborative efforts of the Council and the College of Architecture exemplify a commitment to holistic education, empowering students to excel not just academically but also as active participants in society.

Conclusion:

The Gender Audit Team analyzed that the management and staff of the college encourage gender equality and gender sensitivity, demonstrating gender-sensitive behavior. Gender equity goals and objectives are included in all the college's policies and programs. Staff members reported no problems related to gender criteria, and no complaints about gender issues have been received. The college has significant strengths and opportunities to good gender balance, supported by the increasing enrolment of girls. While there are some weaknesses, they can be addressed gradually through changes in the value system.

Findings:

- 1) Seats are not reserved for female students in the student council body.
- 2) Female students' strength is higher and has been continuously increasing.
- 3) In contrast, male students have a higher participation rate in sports compared to female students.
- 4) Over the last academic years, female students not participated in zonal sports.
- 5) Their participation in the annual gathering and cultural activities is significantly higher than that of male students.

Recommendations:

- 1) Motivate and guide female students to participate in sports, both at the college and zonal levels.
- 2) Ensure at least 33% female student participation in the student council body.
- 3) Motivate male students to actively participate in the annual gathering and cultural days.
- 4) Organize women empowerment programs and awareness sessions on legal rights for women.
