The committee noted that YCA will complete 10 years since its establishment.

Workshops for Students

Reiterating earlier discussions, the committee emphasized workshops as an integral part of skill development. It was suggested to include **interdisciplinary workshops** along with core architecture themes.

NPTEL Participation

The committee encouraged active participation of faculty and students in **NPTEL online courses** to enhance academic knowledge and certification. It was proposed to make NPTEL participation part of **students' continuous development program**. Since the credit transfer is not available for Architecture yet, it was suggested and approved to include credits in internal sessional marking for the necessary encouragement for the students.
