E- Governance Policy

Scope:

- Planning and Development
- Administration
- Finance and Accounts
- Student Admission and Support
- Examination

Objectives:

- Efficiency: Planning and developing administrative processes, that it reduces paperwork through digital platforms which improves the efficiency of operations within the institute.
- Transparency & Accountability: Promote transparency by providing access to information, policies, and procedures to all stakeholders within the institute also by implementing digital systems, it becomes easier to track and monitor activities, ensuring accountability among administrators, staff, and students.
- Accessibility: To make services and information easily accessible to all members of the institute, including students, faculty, and administrative staff.
- Communication: To facilitate effective communication among different stakeholders within the institute, promoting collaboration and information sharing.
- Data management: To enables efficient data collection, storage, and analysis, leading to informed decision-making and improved institutional planning.
- Service delivery: Enhance the delivery of services like University examination related activities, government scholarship scheme, college library etc. by automating processes.
- Cost savings: By digitizing administrative processes, institutes can reduce costs associated with paperwork, manual labor, and physical infrastructure.
- Innovation: To encourage innovation by leveraging technology to introduce new solutions, services, and approaches to improve institute governance and operations.

Policy:
